

Every drop and dollar counts!

LOW-PRESSURE IRRIGATION EFFICIENCY PROGRAM

**Easy savings for small-to-medium
size businesses**

Submit your qualifying project and receive:

- **\$5.00 per low-pressure sprinkler replaced.** This could mean a **NO-COST** project for the grower!
- **\$144 per acre for sprinkler to drip conversion.**

**Call Staples Energy today
to schedule a FREE Energy
SnapShot™ review of irrigation
system performance.**

An Energy SnapShot
performed by Staples Energy
will identify other relevant PG&E
incentive programs.

Just the facts

- Small-to-medium growers using 200 kW or less can qualify.
- Improvements must reduce system operating pressure.
- Grower must have an electricity account with PG&E at the project's electrical meter.
- Installation must replace previously installed system (installations for new projects do not qualify).
- Growers work with trusted, participating, local irrigation suppliers.
